Barefoot Happy Hours on the beach

From glitz to barefoot, there is something to please everyone once the sun goes down, dragging the heat of the day down with it.

Happy Hour is a much anticipated event on the island and nearly every bar or resort has one. If barefoot is what you want to be, then there are so many beach bars that you would need

to spend a considerable amount of time here to try them all. Some beach bars even have salsa evenings where you can kick off your shoes and dance in the sand.

Then again, if you are looking for something a bit more sophisticated, then put on the fancy shoes and heels and head out to Porto Cupecoy for an evening of live entertainment, or slip into one of the

trendy nightclubs in Maho and rub shoulders with chic. The brand new Déja vu Lounge in Casino Royale should be on everyone's list of must-do's.

For those who like to court Lady Luck, there are a large number of casinos in Maho, Cupecoy, and Cole Bay. Get out the glam and see if your luck is in.

Go out and have fun! See you out there!
